ACKNOWLEDGEMENTS

I would like to express thanks Dr. Dennis S. Gouran for his guidance throughout the preparation of this dissertation and his patience with my writing; to Dr. Herman Cohen for his encouragement throughout all of my years at Penn State; to Dr. Douglas J. Pedersen for his confidence in my ability to "finish"; to Dr. J. Philip Jenkins for his insights about the Warren Commission and his willingness to listen and share; and to Dr. Gerald M. Phillips, my advisor and mentor who has taught me much about myself and my abilities as a scholar for as long as I have known him.

A special thanks to Harold Weisberg for without his constant pressure on Washington to declassify the Warren Commission transcripts, this dissertation would not have been possible. I also would like to thank him for putting up with all of my phone calls, and the hospitality he and his wife Lil showed me while I was going through the massive FBI files in his basement.

A final thanks goes to my parents William and Marion McKinney. Without their financial and moral support, this dissertation and my graduate education would have been an impossibility.
